FIELD TO FORK .. GRAIN TO GLASS .. PLOT TO PLATE

We have our very own Ferry House kitchen garden and produce a wide selection of fruit, herbs, veggies and salads all year round. We rear our own beef, game, hens (for laying), bees for honey, wheat for breads. We grow grain that is then locally distilled to make the award winning Dockyard gin & vodka produced at the Copper Rivet Distillery. Our in-house mixologists create cocktails and mocktails that use syrups and cordials produced from our own hedgerow harvesting here on the Harty Estates. You are welcome to visit our kitchen gardens please ask your waiter for access & directions.
